General Description:

This dry cured country style ham is popular as a ready-to-eat ingredient in the famous Spanish bocadillo sandwich, in salads and as a tapa. Exceptional when wrapped in melon or served with figs. Excellent as a cold cut or flat-bread topping.

Ingredients:

Our Imported Jamón serrano is cured with salt, seasoning, brown sugar, sodium nitrate and potassium nitrate.

Manufacturing Process:

Our Imported Jamón serrano is salted and cured in our drying rooms for 20 months until optimum curing is reached. It is subsequently sold bone-in, boneless or sliced.

Shelf Life/Lot Coding:

The Jamon Serrano has a suggested "best before" date of 9 months from the date of manufacture if refrigerated with vacuum packaging intact.

We use the lot coding of YY-DDD on product cases. YY represents the year of production (i.e. 19 for 2019) and DDD represents the Julian day calendar (i.e. 010 for January 10)
